Visual Identity & Brand Guidelines

This brand book defines how the SHEQO's brand is built & applied.

Treat this document as a scheme for SHEQOs identity.
Understanding and adhering to the guidelines is essential for building and maintaining a consistent experience.

Nostalgic. Fast. Youthful.

الكتاب ده بيحدد إزاي براند شِقُو اتبنى وهيطبق.

اعتبره الدليل اللي بنرجعله عشان نحافظ على الهوية واضحة ومتناسقة.
فهم القواعد والالتزام بيها أساسي عشان نخلق تجربة واحدة ومتكاملة، ونحافظ على نفس الإحساس في كل نقطة تواصل.

حنيـــن. ســرعــة. شبــاب.

01 OVERVIEW

Strategic Brief

A cloud kitchen where a purely nostalgic brand would stop at pastiche.

Sheqo fuses that retro Egyptian visual language with a fancy, self-aware Gen Z voice,
the brand is playing dress-up in its grandparents' living room & it's having a blast doing it.

This isn't retro-as-decoration. It's retro-as-attitude:

Bold graphic collage, checkered diner tiles, sun-burst starbursts & soda-shop energy,
photographed and captioned the way a Gen Z creative director would shoot their own throwback
fantasy, with irony, confidence and zero apology.

ملخص التوجه

كلاود كيتشن ما بيعتمدش على النوستالجيا بس، لانه هيكون مجرد تقليد لشكل زمان.
شقو بياخد الروح المصرية القديمة دي ويمزجها بصوت Gen Z شيك وواعي بنفسه. البراند عامل نفسه لابس لبس زمان، وقاعد في صالون المدهب.

دي مش فكرة استخدام الريترو كديكور وخلاص. الريترو هنا طريقة وشخصية.
جرافيكس جريئة، بلاط مربعات، أشعة شمس، وإحساس محلات الصودا القديمة. كل ده متصور ومكتوب بطريقة Creative Director من Gen Z.

Positioning

The cloud-kitchen that turned your ***teta***'s living room into a fast-food fantasy.

Emotional Territory

Nostalgic comfort delivered with modern swagger.

Voice DNA

Fancy, tongue-in-cheek, street-smart Gen Z Egyptian Arabic.

- Fancy-nostalgic, not stiff or museum-serious.
- Speaks like it's proud of where it's from, not ironic.
- Slang dropped naturally, meme-timing, not trying too hard.
- Always feeding you, always flattering you, not pushy, sales-y, over-explaining an offer.

المكانة

كلاود كيتشن بيحوّل صالون تيتا لفانتازيا فاست فود.

الاحساس

راحة ودفا ذكريات زمان، بس بروح عصرية وواثقة.

الشخصية

مصري Gen Z شيك، دمه خفيف، وابن بلد.

- صوت فيه فخامة وحنين لزمان، بس من غير ما يبقى رسمي. بيتكلم بثقة وفخر عن أصله، من غير تريقة.
- العامية بتدخل بشكل طبيعي، والتوقيت بتاع الإفيهات والـimz محسوب، من غير ما نحاول بالعافية.
- دايمًا هيحسسك إنه بيأكّلك ويدلّعك ويقولك إنك تستاهل، مش بيزن عليك تشتري، ولا بيتكلم بلغة مبيعات مباشرة.

Logo Structure

One continuous horizontal bar that anchors the whole word like a single cassette-label stripe.
It reads as one confident block first, calligraphy second: bold, static, poster-ready even at a glance,
with the retro character coming from the shapes rather than a decorative script.

02 GUIDELINES

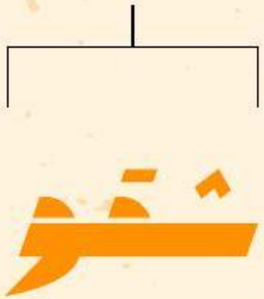

Clear Space

The space surrounding the logo,
must be kept free of other visual elements.

Min. Size

32 px

20 mm

Below that, the geometric letter-plates
in the mark lose separation from each other
and it starts reading as a solid blob rather than a wordmark.

Logo Misuse

Don't stretch or distort proportions

Don't rotate off the horizontal baseline

Don't add drop shadows/bevels

Don't recolor outside the approved palette

Don't place a primary-colored logo
on a primary-colored background

Color System

Primary

- Burnt tangerine: logo lockups, hero backgrounds, primary CTAs.
- Deep Saffron: starburst graphics, accents on red, energy bursts.

Secondary

- Papaya Whip: paper-like neutral for body copy fields, packaging.
- Pacific Blue: small highlights, stickers, iconography, never as a dominant field.

IMAGERY & CONTENT

Photography Style

- **Direct on-camera flash** as the dominant light source:
  hard shadows behind subjects, slight over-exposure on highlights (food, skin, metal surfaces blown out a touch).

- **Low-fi digicam** color science:
  slightly cool whites, a touch of green/blue cast in shadows, visible chromatic noise in dark areas.

- **Candid framing**:
  slightly tilted horizons, subjects caught mid-bite/ mid-laugh rather than posed.

- **Close intimate crops**:
  the camera is at the table, not across the room.

Texture & Overlay

- **Film grain / sensor noise overlay:**
  at low-medium opacity on every social asset.

eg.

- **Soft grunge** paper texture: for static posts (quote cards, promo tiles);
  photography itself stays flash-lit & digital, not paper-textured.

eg.

Social Media

Grid Structure

- **Feed is treated as a wall of posters, not a uniform template:**
  each post is a self-contained poster composition.

- **All posts share the same construction logic:**
  1 dominant headline block + 1 hero graphic/photo + 1 supporting burst/ pattern element.

- **Large hero image:**
  product shot is always cropped tight and large, filling 50–70% of the frame.

Social Media

Typography System

- **Headline:**
  accent type only (KO Rubbama / Harlem), large, almost always in a single flat primary color.

- **Supporting copy (price. date. disclaimer):**
  body type (Aref Ruqaa / American Typewriter), smal, left in a corner. Body type never competes with the headline for attention.

- **A consistant margin:**
  (roughly 6–8% of canvas width) between all text/graphics & the frame edge, so posts don't feel cramped when viewed as feed thumbnails.
